IN MEMORY OF
ISAAC CHRISTOPHER WILLIAMS

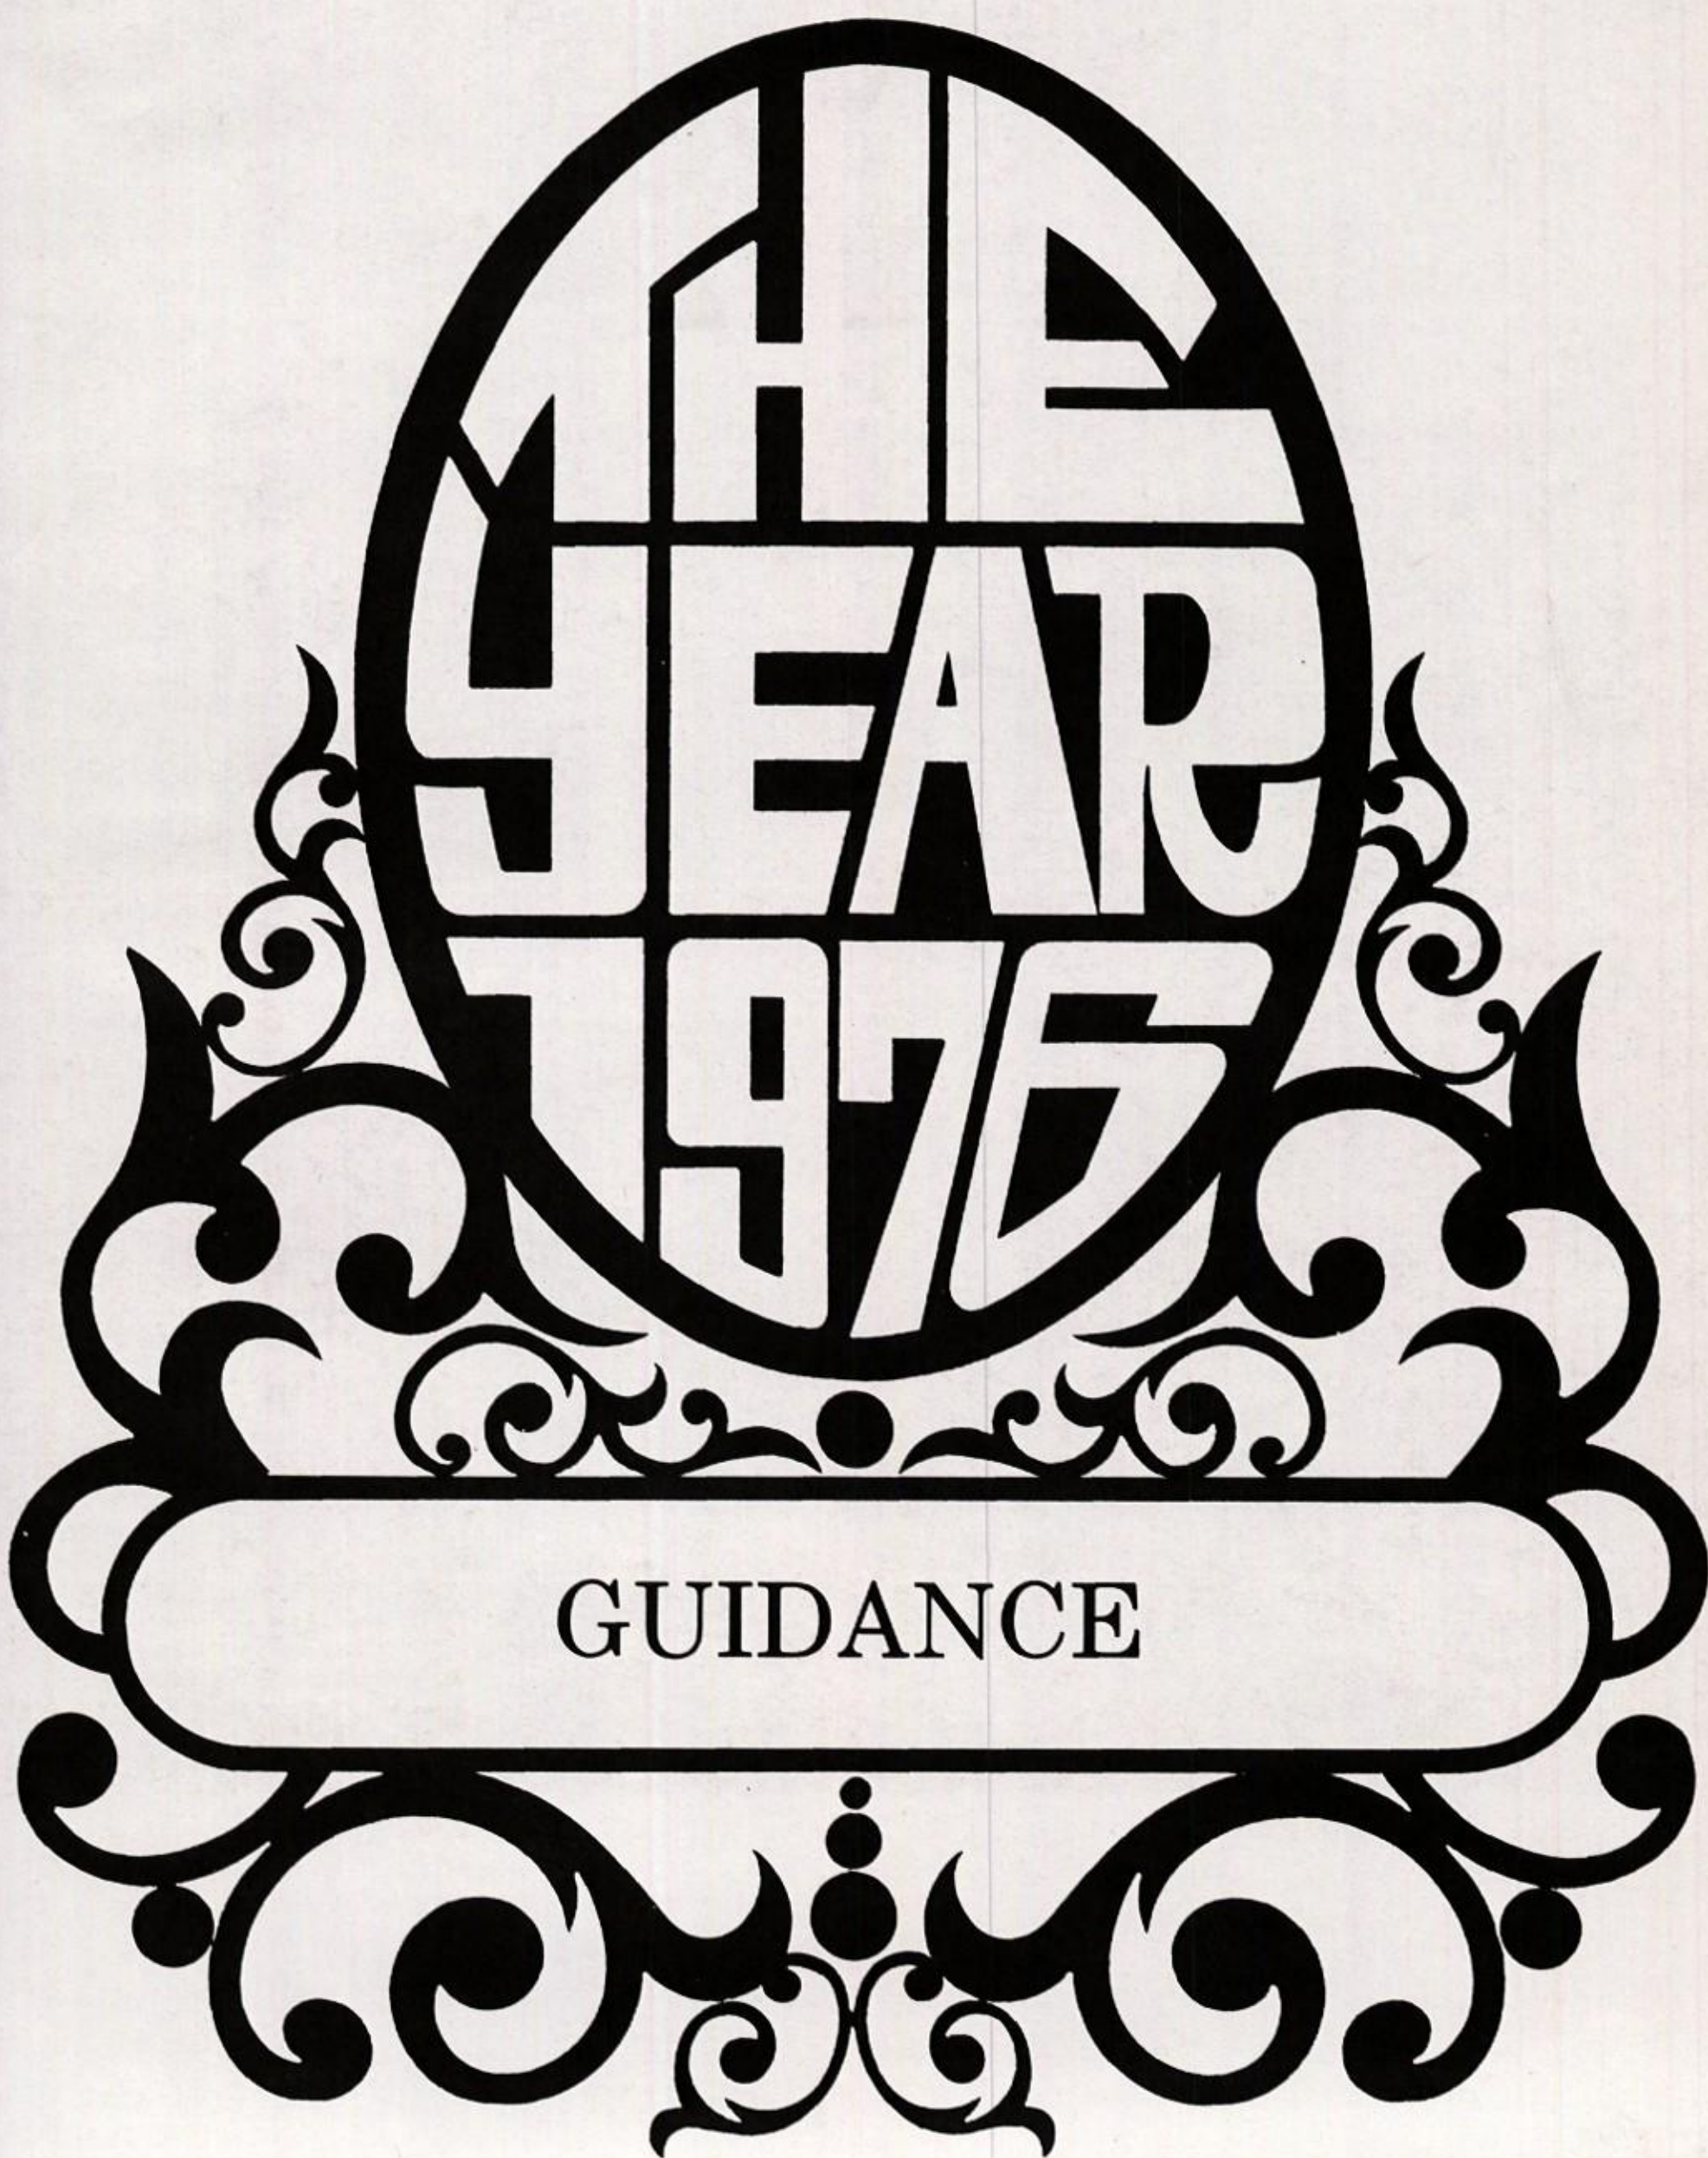

Son of Joe & Bonnie Williams

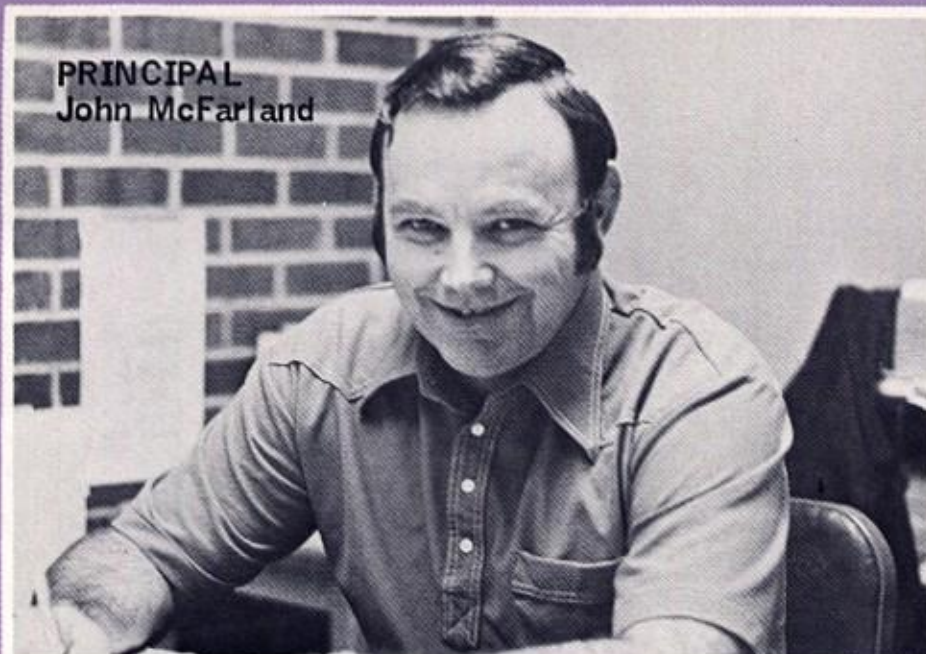

A Child's Love

A little hand touched mine today,
And I looked into his small face,
There I saw laughter and joy so gay
As he told me of winning the race.

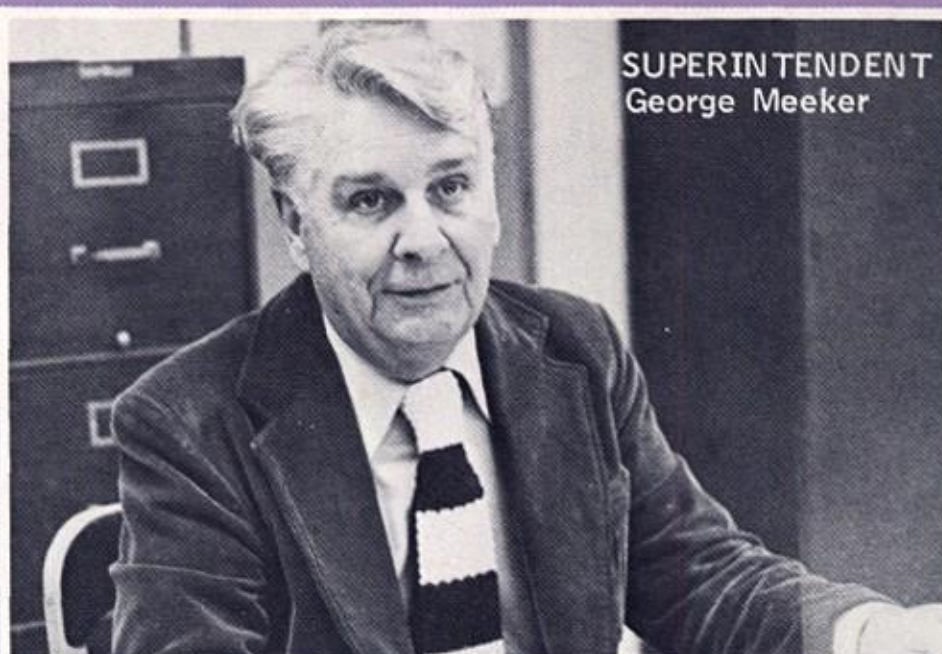

Some little eyes touched mine today
As they sparkled with excitement to
run,
And as he closed them tonight to pray,
"Thank you, God, for helping me
share."

Today, a little heart touched mine,
And I felt a small tug from above,
Perhaps he sent children to us for a
time
To teach us the meaning of love.

A black and white photograph of a long, empty school hallway. The hallway is brightly lit by overhead fluorescent lights, which create a strong perspective effect as the lines of the walls and floor converge towards the end of the corridor. On the left side, there are rows of lockers. On the right, there are several doorways. In the far distance, a single person is walking away from the camera towards the end of the hallway. The overall mood is quiet and contemplative.

Two Hot Ones

ABOVE--In the beginning there was nothing, then came the Renault. A year of part-time work and alot of money are the ingredients used to craft this little monster. A Chevy frame, 283, headers, oversized cam, Turbo Hydro 400, and a Renault body is what Ken Kelly has used so far!

BELOW--Pictured is a "66" Chevelle Super Sport. Another vehicle of genius using a 327, TRW pistons, 780 Holley, highlift cam, high rise intake, muncie 4 speed, Hurst competition plus, ladder bars, 12 bolt positrac, air shocks, and an anchor to slow him down. It belongs to Nick Higley, and both cars are street legal!
